Building Material Teamsters Local 282

THOMAS GESUALDI
President

LOUIS BISIGNANO
Secretary-Treasurer

October 2026

Dear Brothers and Sisters:

I along with the Local 282 Executive Board am pleased to start Local 282's Seventeenth Annual Scholarship Fund. With the soaring costs of college tuition this scholarship fund will help the children of Local 282 members defray the costs of their college education.

The scholarship awards will be for ***high school seniors who graduate in 2027 and start college or an accredited technical school in September 2027.*** To be eligible to submit an application, a student must be a dependent of an active Local 282 member. All phases of the scholarship competition, including selection of winners are handled by The International Scholarship and Tuition Services (ISTS). ***Applications must be submitted before January 15, 2027.***

Winners are selected based on several factors including leadership qualities, seriousness of purpose, high school academic record, extra curricular activities, and test scores from the applicant.

All awards will be sent directly to the colleges at which award winners are enrolled and credited to the student's account for payment of authorized college expenses (tuition, room and board for college operated accommodations and all other usual and similar fees).

The applications for this year's scholarship ***will be available online beginning November 1, 2026.*** To apply for the Local 282 Scholarship, please scan the qr-code below.

Fraternally,

Thomas Gesualdi
President
